

## U8 Foxes (2021/22 Season) Coach/Manager

### Description

We have a new team of U8 players in need of a coach to help develop and manage them.

The U8 Foxes team is currently being prepared for what will be their first ever matches against teams from other clubs so this is a great time to become involved in helping to shape the way they play and encourage the types of behaviours and respect for others that are part of who Weekley Rovers FC are.

No experience whatsoever is required to take on this rewarding role, you don't need to have ever played regular football/been in a football team previously yourself and you don't to be a relative of a child in the team.

All we ask is that you are willing to spare 1-2 hours each week for training plus 1-2 hours at the weekend during match season, complete some simple training, attend coaches meetings about once a month and abide by the club's ethos and policies

Weekley Rovers FC will make all the training you need available and fully funds the cost of this and the mandatory DBS.

More than the minimum number of coaching staff opens up additional opportunities to share the time required and eases taking time out for work or personal events without the need to cancel a session so do encourage other's to volunteer alongside you.

Currently the training group trains every Friday.

If you can help us, and more importantly these kids, to continue to have fun playing football by volunteering then please do get in touch.
